ABSTRACT

The Maryland Higher Education Loan Corporation was created by an Act of the 1963 Maryland General Assembly. After several changes in the corporation and some study of various state and private student loan plans and developing regulations and procedures, the corporation became operational in July 1965. Agreements were made with United Student Aid Funds, Incorporated to endorse all notes approved by the Maryland Higher Education Loan Corporation and guarantee repayment of 100 percent of the principal and accrued interest to the participating lenders in case of death, disability, or default by the student borrower, and with the U.S. Commissioner of Education to make borrowers eligible for Federal Interest Subsidy on their loans. This annual report of the corporation contains: (1) a program summary; (2) loans approved, by month; (3) budget summary; (4) condition of research account; (5) guarantee capability statement; (6) loans approved, by county or students' residence; (7) loans approved, by lender; (8) loans outstanding, by Maryland lenders; (9) distribution of borrowers, Maryland schools; and (10) profile of student borrowers.

The Maryland Higher Education Loan Corporation was created by an Act of the 1963 General Assembly as Senate Bill 356 which became Article 43A of the Annotated Code of Maryland. Several changes were made in 1964, eligibility and repayment terms were further modified by the 1966 session and students attending approved vocational schools became eligible borrowers under amendments added in 1967..

Governor J. Millard Tawes appointed the Board of Directors on March 24, 1964; and the Board held its first meeting on April 8, 1964. The next year was spent studying various state and private student loan plans and developing regulations and procedures for the operation of the program. On July 1, 1965, the Corporation became operational and hired the Executive Director on July 7.

UNITED STUDENT AID FUNDS AGREEMENT

An agreement establishing a reserve account with United Student Aid Funds, Incorporated, a national nonprofit organization, was signed on July 20, 1965. Under the terms of the Agreement, the Corporation maintains a reserve with United Student Aid Funds equal to eight percent (8%) of its total loans. United Student Aid Funds endorses all notes approved by Maryland Higher Education Loan Corporation and guarantees repayment of 100% of the principal and accrued interest to the participating lenders in case of death,

disability or default by the student borrower. Coverage against death and disability is provided at no cost to Maryland Higher Education Loan Corporation or the borrower. When a loan is declared in default by the lender (after it has attempted normal collection procedures short of legal action), United Student Aid Funds purchases the note and takes any necessary action to collect from the student. Most of the forms used by Maryland Higher Education Loan Corporation and the participating Maryland lenders are standard United Student Aid Funds forms and are provided without cost. Other brochures and forms are provided by USA Funds at a reduced cost to the Corporation.

FEDERAL PARTICIPATION

The Corporation has agreements with the U.S. Commissioner of Education that make borrowers eligible for Federal Interest Subsidy on their loans. For qualifying students, the Commissioner pays the interest while the student is in school and during service in the Armed Forces, Peace Corps or VISTA.

An agreement was signed in August 1969 that makes Federal reinsurance available to the Corporation. Under this agreement the U.S. Commissioner of Education will reimburse MHELC for eighty percent of the amount paid lenders for defaulted loans. This has the effect of multiplying the existing loan guarantee capacity by five.
